Ethics Training | 9:00 a.m. - 12:00 p.m.

This training is designed to provide participants with an overview of the moral concepts of goodness, right, and obligation, and the ways in which they operate in society, religion, and law. These concepts are further enhanced during the classroom discussions and group work.

As a result of the training, participants will be able to:
• Explore the development of values
• Review the various codes of ethics
• Review the major ethical principles
• Discuss unprofessional conduct and professional boundaries
• Discuss ethical decision-making

Cultural Competence Training | 1-4 p.m.

This training is designed to provide participants with a cultural experience and how their perceptions of themselves and others are impacted in our society. Videos and self-assessments will be utilized to encourage participation.

As a result of the training, participants will be able to:
• Define cultural competency
• Describe cultural context and communication skills
• Identify ways in which cultural beliefs and values impact our practice within the behavioral health system
• Explain the cultures of “self” and “others”

Trainer:
